Date of joining the institution: 1 st Nov. 2010	Qualification with Specialization: Ph.D. CAD/CAM / CAE.

1 Please mention the subjects/courses you taught in the last academic year.

CAD / CAM

2 What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

Types of meshing elements should be included in curriculum

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

mini project over CAD/CAM should be included

4 Do you suggest any value addition to institute/Department for better student learning?

Digital classroom usage should be enhanced

5 What are you plan next year to develop industry-department interaction, how do you define your role there

meet with CAD agency is in the plan

6 What do you understand from the student feedback on your class room teaching?

more practical orientation required

7 Weather the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

TEACHER'S FEEDBACK

Name of Faculty: Prof. Nasrin G. Khan

Designation: Assistant Professor

Department: Mathematics

Date of joining the institution: 23 Sep 2010

Qualification with Specialization:
 M.Sc. B.Ed (Mathematics)

1. Write a report on the subjects/courses you taught in the last academic year:

Engineering Maths-I, Engg Maths-II, Engg Maths-III,
 Numerical Methods.

2. What are the gaps you identified for satisfaction and POs and do you suggest any changes in the structure of the course/POs for next syllabus revision?

① Maths should be till last year ② As per admission criteria (35-40%) poor students need more practice need more time which is not possible for that particular semester ③ Requires visit.

3. How do you ensure that your course/POs can be satisfied?

① Batchwise tutorials to be included ② Practical oriented syllabus should be contained

4. How do you ensure that you are adding on to Institute Department for better student learning?

Industrial visits, Guest lectures (more)

5. What are the other next level development activities/departmental/interfaculty. How do you define your contribution?

Internship

6. What do you understand from the Student Feedback on your class from teaching?

More practice should be done by students.

7. Write on the implementation of remedial class has improved class attendance? Suggest any learning/development activity

yes, tests for poor students.

Date of joining the institution: 18/06/2012	Qualification with Specialization: M.Sc. Ph.D. (Organic Chemistry)

1. Please mention the subjects/courses you taught in the last academic year.

Engineering Chemistry

2. What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

—

3. Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

1) Water quality parameters experiment

4. Do you suggest any value addition to institute/Department for better student learning?

1) Suggested weekly test for students

2) Recording facility for the lectures should be available at the college level

5. What are you plan next year to develop industry-department interaction, how do you define your role there

No

6. What do you understand from the student feedback on your class room teaching?

student appreciated our teaching still we are providing additional beyond the syllabus point to the students

7. Whether the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

Yes.

1 Please mention the subjects/courses you taught in the last academic year. 2018-19

mobile application, algorithm, system programming,
compiler construction.

2 What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

big gaps is students are unaware about what exactly happens in industry, so that types of courses should be there.

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

practicals should be more, so that students should gain extra knowledge through it.

4 Do you suggest any value addition to institute/Department for better student learning?

better to use e-resources & try to explain real time problems.

5 What are you plan next year to develop industry-department interaction, how do you define your role there

by making MOU with some companies/industry.

6 What do you understand from the student feedback on your class room teaching?

students demand real time courses.

7 Whether the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

definitely yes. If a particular student want to clear his doubt it will through remedial classes.

TEACHER'S FEEDBACK

Name of Faculty: Dr. G. C. Koli	
Designation: Asst. Prof.	Department: mechanical
Date of joining the institution: 1 st Nov. 2010	Qualification with Specialization: Ph.D. CAD/CAM / CAE.

1 Please mention the subjects/courses you taught in the last academic year.

CAD / CAM

2 What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

Types of meshing elements should be included in curriculum

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

mini project over CAD/CAM should be included

4 Do you suggest any value addition to institute/Department for better student learning?

Digital classroom usage should be enhanced

5 What are you plan next year to develop industry-department interaction, how do you define your role there

meet with CAD agency is in the plan

6 What do you understand from the student feedback on your class room teaching?

more practical orientation required

7 Weather the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

1 Please mention the subjects/courses you taught in the last academic year.

PP, DS

2 What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

Add Packages of python - Numpy, Pandas.

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

- Exp on Numpy

4 Do you suggest any value addition to institute/Department for better student learning?

-

5 What are you plan next year to develop industry-department interaction, how do you define your role there

- Internship for students from industry

6 What do you understand from the student feedback on your class room teaching?

- Good feedback

7 Whether the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

1. Please mention the subjects/courses you taught in the last academic year. (2020-21)

OS-I, DMS, CB,

2. What curriculum gaps you identified to satisfy CoS and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision

Practical approaches. no. of hrs. should be extended

3. Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

Unix OS,

4. Do you suggest any value addition to institute/Department for better student learning?

Industrial Training to students

5. What are you plan next year to develop industry-department interaction, how do you define your role there

Out of syllabus contents

6. What do you understand from the student feedback on your class-room teaching?

Interaction with stds. important

7. Whether the implementation of remedial class has improved class attendance? Suggest any (two) improvement if any.

Yes

Name of Faculty: Sachin P. Jadhav	
Designation: Assistant Prof.	Department: Automobile Engineering
Date of joining the institution: 22/07/2010	Qualification with Specialization: Ph.D (Pursuing) M.E.-mech (Design)

1 Please mention the subjects/courses you taught in the last academic year.

Design of Machine Element, Strength of Material

2 What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

Composite material design chapter should be included in existing syllabus

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

While conducting the experiments ASTM standards should considered.

4 Do you suggest any value addition to institute/Department for better student learning?

Interaction with industry every semester.

5 What are you plan next year to develop industry-department interaction, how do you define your role there

Industrial Projects are given to student

6 What do you understand from the student feedback on your class room teaching?

No -

7 Whether the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

NO.

Designation: Assistant Professor	Department: Automobile Engineering
Date of joining the institution: 01/07/2013	Qualification with Specialization: M.E. CAD/CAM/CAE

1 Please mention the subjects/courses you taught in the last academic year.

Heat Transfer, Automotive Electronics

2 What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

Suggested to add experiment on heat exchanger.

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

Yes.
 1. Study & comparison of different types of heat Exchangers

4 Do you suggest any value addition to institute/Department for better student learning?

- No -

5 What are you plan next year to develop industry-department interaction, how do you define your role there.

- Visit to industries

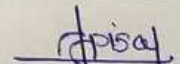

6 What do you understand from the student feedback on your class room teaching?

- Understood what are difficulties student face while learning

7 Whether the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

Yes due to remedial class attendance is improved

1 Please mention the subjects/courses you taught in the last academic year.

Fluid mechanics, Vehicle Dynamic, Alternative fuel emission

2 What curriculum gaps you identified to satisfy Cos and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

**1) Addition of software oriented skill in to syllabus
 2) Addition of electric vehicle content in various subject**

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

**1) steady & transient state analysis of flow by Ansys fluent
 2) Alternative fuel blending in engine & performance test**

4 Do you suggest any value addition to institute/Department for better student learning?

1) purchasing the GT-suite software for engine performance analysis

5 What are you plan next year to develop industry-department interaction, how do you define your role there

1) contact with Research organisation

6 What do you understand from the student feedback on your class room teaching?

1) Need development in practical oriented projects

7 Whether the implementation of remedial class has improved class attendance? Suggest any laws/improvement if any.

TEACHER'S FEEDBACK

Name of Faculty: <u>Mr. Manoj M. Hajare</u>	
Designation: <u>Assistant Prof & HOD</u>	Department: <u>Computer Science & Engineering</u>
Date of joining the institution: <u>02/10/2011</u>	Qualification with Specialization: <u>M.Tech. Computer Sci & Technology</u>

1 Please mention the subjects/courses you taught in the last academic year.

1. Object oriented programming in Java & Competitive programming II

2 What curriculum gaps you identified to satisfy CoS and POs and do you suggest any changes in the syllabus to university BOS for next syllabus revision.

Part of advance java programming to be included in the curriculum

3 Would you like to add any experiments to existing syllabus so that specific CO/PO can be satisfied?

Yes. Experiments based on Interfaces & Abstract classes

4 Do you suggest any value addition to institute/Department for better student learning?

Training & Placement activities.

5 What are you plan next year to develop industry department interaction, how do you define your role there

I will try to interact with nearby IT companies

6 What do you understand from the student feedback on your class room teaching?

I learnt my weaknesses in teaching & improved further

7 Whether the implementation of remedial class has improved class attendance? Suggest any flaws/improvement if any.

As the results for my subjects are low, hence remedial needed, so conduct remedial classes
