One page report of
One Day workshop on
“Research Process”

Organized by Mechanical Department on 8th Feb. 2023

Organized By: Mechanical Engg. Department, Sanjeevan Engineering and
Technology Institute, Panhala

Resource Persons: Prof. D. V. Patil

Program Co-ordinator: Prof. D. V. Patil

Venue: Class room: 206, Mechanical Engg. Department

The **Research Process** workshop was organized by Mechanical Engineering Department on 8th Feb.2023 for Second Year students. This workshop creates interest in identifying research problems and methods or techniques to resolve the problems with scientific way which will be beneficial to the living being. The research process is important because it can help to bring students research to the highest possible standard. The research process allows seeing all the steps need to complete in order for research to be effective, allowing to work more efficiently and in a more focused way.

The objectives of the workshop were

1. To develop skill of problem identification though literature review.
2. To set the methodology to carry out research and data collection.
3. To interpret the result and take corrective measures, if any..

The workshop was organized under the guidance of Prof. V. H. Deokar, HOD Mechanical Department and Dr. S. N. Jain, Principal of SETI, Panhala.

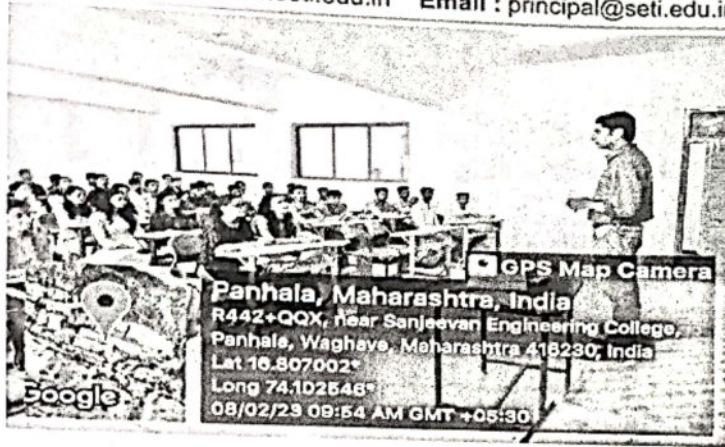

Thanks to all faculty members who contributed in organizing this workshop.
