***Vision of the Department***

To be identified as a department with excellence in academics by synergism of teaching-learning, skill development and research.

***Mission of the Department***

M1: To develop state of the art facilities to stimulate faculty, staff and students to create, analyze, apply and disseminate knowledge.

M2: To hone employability and entrepreneurship skills of the students through industry-institute interaction.

M3: To create an environment for the students to excel in mechanical engineering field, engage in research and development activity and participate in professional activities

M4: To develop an ability to use techniques, skills, modern software and machine tools necessary in the practice of Mechanical Engineering Profession.

## ABOUT YASHODA TECHNICAL CAMPUS

Yashoda Technical Campus (YTC) was established to impart quality technical education at an affordable cost and contribute to the industrial growth of our nation. The institution is approved by Council for Technical (AICTE), New Delhi; by Directorate of Technical All India Education recognized Education (DTE), Government of Maharashtra. Yashoda Technical Campus has been rated as B+ Grade by NAAC council in the year 2018. Education at YTC is Technical education, the academic and professional preparation of students for jobs involving applied science and modern technology. It emphasizes the sympathetic and practical application of basic principles of science and technology, rather than the attainment of manual skills that is concern of vocational proficiency in properly the education.

## ABOUT MECHANICAL DEPARTMENT

The Department of Mechanical Engineering was started in the year of 2011. The department conducts Undergraduate and Post-Graduate programs in Mechanical Engineering at present B. Tech. in Mechanical Engineering (UG Intake: 30) which are affiliated to Dr. Babasaheb Ambedkar Technical University (DBATU), Lonere, Dist.: Raigad. Our graduate and post-graduate students are highly sought by high-tech companies, prestigious universities. We are fortunate to be the center of choice for most of the students in this region. The department has a well qualified and dedicated staff and are known for its high academic standard, well-maintained, disciplined with complete infrastructure facilities.

## ABOUT FDP

The current scenario focuses upon "Renewable Energy" sectors as the conventional energy sources have certain limitations and limited life span. Government of India is also promoting the renewable energy in order to meet the demands from growing industries as well as urbanization.

This FDP aims to discuss different renewable energy resources and their applications in different fields. This program will serve as a common platform for those who are working in Energy sector to share the knowledge and interact with the participants belonging to academia as well as industries.

## OBJECTIVES OF FDP

1. To explore energy generation through hydrogen power
2. To study Diversifying energy supply and reducing dependence on imported fuels.
3. To understand Non-conventional Energy Resources and their contribution in the Energy sector
4. To discuss alternatives available in the area of power generation and their potential applications

## MODE OF PROGRAM

About the Institute:

NCER is part of Nutan Maharashtra Vidya Prasarak Mandal which is a highly respected education society in Maharashtra and is credited with starting national education schools in the Maval Region of Pune district over 100 years ago. The great freedom fighter Lokmanya Bal Gangadhar Tilak was the founder member of the Mandal and was the Chairman of its Governing Body for almost 12 years. The progressive, dynamic, and dedicated management of the Nutan Maharashtra Vidya Prasarak Mandal has decided to conversion diploma college NUTAN MAHARASHTRA VIDYA POLYTECHNIC to Degree College NUTAN COLLEGE OF ENGINEERING & RESEARCH four year degree engineering college from the academic year 2018-2019.

NCER offers 4 UG programs in Computer Science and Engineering, Mechanical Engineering, Electronics & Communication Engineering and Computer Science and Engineering (AI) under Dr. BATU Lonere. We also offer AICTE approved 5 B.Voc. programs affiliated to Dr. BATU Lonere. At present around 1600 students are studying in various B.Tech. programs, 300 students in B.Voc. program.

The Mechanical Engineering Department was established in the year 2018-19 during the establishment of the Institute. The NCER Mechanical Department aims to create globally best, industry-oriented, skill-based manpower. Currently it is running one undergraduate program i.e. B. Tech in Mechanical Engineering with intake of 60 seats.

## About the Program

The Online Faculty Development Program is designed to evince participants to contemporary techniques for research in technical streams and research-based teaching. Scholarly speakers will discuss the intricacies of research and come up with a multi-pronged approach, identify shortcomings and suggest improvements regarding research-based teaching-learning in engineering science. This academic approach program will be conducted by some of the leading research scholars in academia and industrial persons including faculty members from NITs, Government Engineering Colleges to groom the participants to improve their research and teaching skills. This Program is intended to provide the participants with significant exposure to the emerging horizons of research methodology and perspective. The objective of this program is to provide an opportunity to eminent researchers/teachers in India to associate themselves with senior faculty members and professionals and enrich themselves with the cumulative teaching and research experience of engineering luminaries.

## Who can register?

## ABOUT DEPARTMENT:

The Department has been established in the year 2006. The department has highly qualified and experienced faculties along with state of art laboratories in the areas like Digital Electronics, Communication Engineering, Digital signal processing, Embedded System, VLSI Design, Power electronics and Computer Network. The department always strives to give best expertise knowledge to students for betterment of their career. Both departments maintain good Industry Institute partnership by MoU's signed with renowned industries.

KOLHAPUR-SANGLI SUB CHAPTER

## OBJECTIVES:

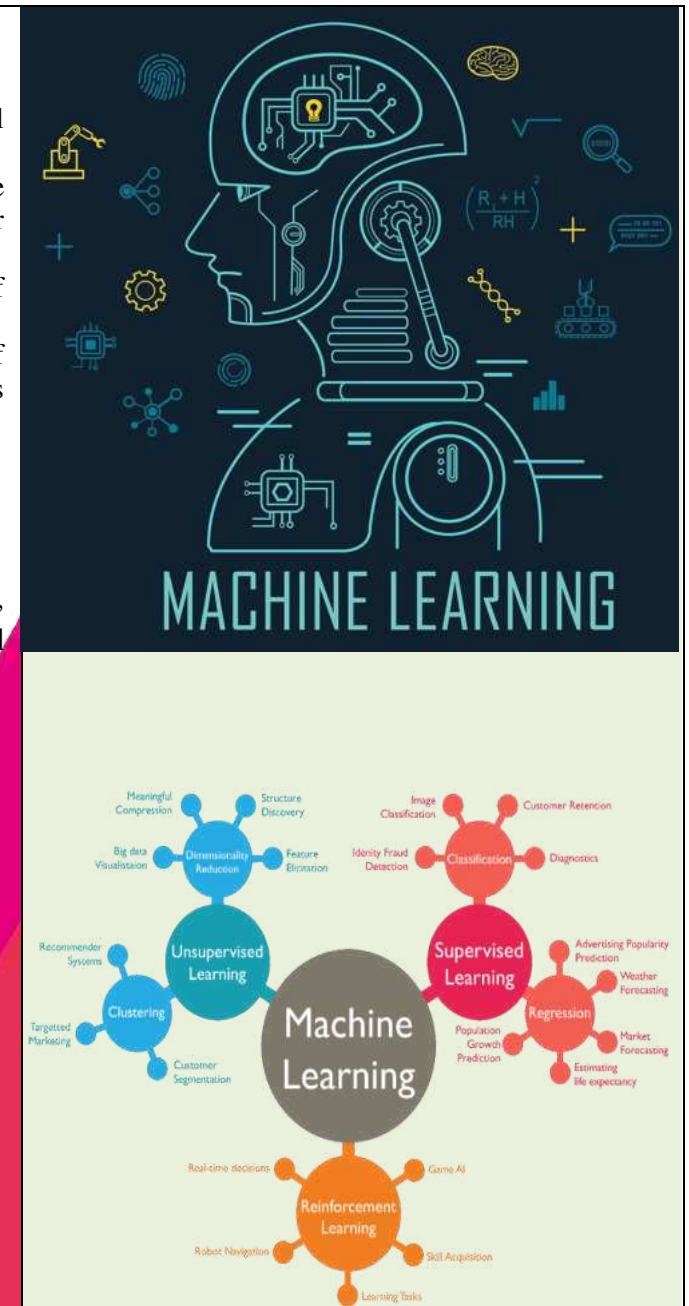

- This workshop introduces fundamental concepts of machine learning.
- It covers an overview of machine learning algorithms and their applications.
- The training comprises of a series of lectures and practical exercises.
- The participants obtain deep insights of machine learning, which in turn helps them to apply it in practice.

## RESOURCE PERSONS:

Eminent resource persons from academic institutes, Research & development labs and industry will deliver their lectures during the course.

## TARGETED PARTICIPANTS:

- ✓ Faculty members of any branch of Degree and Diploma Institutes, Research Scholars and Industry professionals can apply for course.
- ✓ Developers, Data Scientists/Data Analysts and Young Engineers who want to learn the concepts of machine learning and its applications.

### About the College:

Sharad Institute of Technology College of Engineering is a premiere Institute established in 2009 by a divine body of committee intelligentsia under the aegis of Shri Shamrao patil Yadravkar Educational & Charitable Trusts to cater to needs of young graduates of technology. It is located near National Highway-4, Kolhapur having a lush green campus with eco friendly environment. Its aim is to create a unique scenario of eligible and elegant engineers to be brought out in to the Society to compete with realistic technology. College is accredited by NAAC with “A” Grade and NBA Accredited for all courses and it is one of the premier autonomous institute.

### About the Department:

Initially the Department of E&TC was started with an initial intake of 60 students and further enhanced into 120 students of intake at graduations level. Department of E&TC having an eminent faculty with 3 doctorates and equipped with state of art infrastructure in addition of PCB Design Innovation Centre, as well as Texas Instruments, Centre of Excellence and we have also established a VLSI and Embedded system centre of excellence under ESSCI.

### About the Faculty Development Program:

The faculty development programme is designed to enhance the outlook of the faculty members regarding research, development, and innovation. This Faculty Development Program on research methodology aims to inculcate and enhance the abilities of the faculty members to carry out independent research, write successful research paper, and filing patent finally to enable them for the technical communication considering national/international journal/conferences. The broader objective of the program is to improve the quality of faculty members which in turn to benefit the students.

### VISION

SETI to Educate to Excel in Social Transformation.

### MISSION

- To inculcate academic excellence in pursuit of technical education and to strive hard for good academic results and Placements.
- To attract nurture and to retain the best faculty and technical manpower.
- To develop the holistic personality of students to be a responsible citizen with ethical values and lifelong learning.
- To Promote industry institute interaction for employability and entrepreneurship

### QUALITY POLICY

We Promise a conducive environment to our Faculty, Staff & Students to realise vision.

### ENVIRONMENT POLICY

Green Sanjeevan , Clean Sanjeevan

### ABOUT THE INSTITUTE

Sanjeevan Engineering & Technology Institute group of schools Kolhapur, is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to DBATU, Lonere.

Sanjeevan Engineering and Technology Institute, Panhala offers B.Tech. Degree courses in Civil, Computer Science, Electrical and Mechanical Engineering. Institute also offers M.Tech. in Mechanical Engineering (Design).

Sanjeevan is long cherished dream of Founder-Chairman Shri. P. R. Bhosale, an educationalist having experience more than two decades. His aim is to impart quality education to the students from nook and corner of the country. No doubt, Sanjeevan Engineers will be the best professionals with added values of Indian heritage.

### ABOUT DEPARTMENT

The Department has been established in the year 2009. The department has highly qualified and experienced faculties along with state of art laboratories in the areas like CAD/CAM, Manufacturing, Materials, & Mechatronics etc. The department always strives to give best expertise knowledge to students for betterment of their career. Both departments maintain good Industry Institute partnership by MoU's signed with renowned industries.

### OBJECTIVES

- To get detail knowledge of Non Conventional Energy sources.
- To have clear picture of impact of energy usage over the atmosphere, and
- To obtain the ways & techniques to use renewable energy.

### RESOURCE PERSONS

Eminent resource persons from academic institutes and industry will deliver their lectures during the course.

### TARGETED PARTICIPANTS

Faculty members of all branches of Degree, Diploma Institutes, Research Scholars and Industry professionals also the young engineers who want to learn the concepts of Non Conventional Renewable Energy Resources.
