

Annual Report 2022-23

1. Academic Achievements

Education is not only about acquiring knowledge and skills, but it also prepares us for life with an attitude required to look at our society, identify the problems and solve the same using knowledge and skills acquired so far. The lessons you learn in the classroom, skills acquired in laboratories and attitude developed during your journey in the college will serve you well in the future, whether you go on to higher education or enter the workforce.

We are really very proud to quote that we could achieve very good academics towards developing knowledge, skills and attitude of our students. The following are some of the highlights which showcase the academic achievements of our students in the intellectual premises of our institute.

We are grooming our students to be confident, happy and secured youth of tomorrow. They act as effective stepping stone to move from the familiar, safe cocoon of the home to the uncertain, ever challenging world outside.
