Name and Type of Event	1.Project Exhibition 2.Paper Presentation 3.Robo-Race
No.of participants	47

I glad to inform Electronics & Telecommunication Engg department conducted National level event "PARIKRAMAA 2K19" successfully.

We got good response from various Engineering colleges. These events are wright platform for budding engineers and showcasing their idea.

We identified two good projects are really involved with social problem and solutions like medical aid and Communication application. Similarly in paper r presentation students have identified various case study w.r.t Defense and IOT,Cloud computing e.t.c.

Good response from Robo -Race with specified technical specifications.

overall response from the events is satisfactory.
